

La Leche League

Your Membership helps mothers worldwide to breastfeed.

Membership with LLLI is **tax deductible in the US**. With more than 7000 volunteer Leaders around the world, you can be sure that LLLI will leverage your donation to reach as many mothers and babies as possible. Your support will help us **increase the number of babies who are breastfed and support mothers to breastfeed their children** until the baby outgrows the need.

Your Membership supports the work of LLLI in **63 countries**. These funds enable us to produce the most **current and accurate breastfeeding information** in the form of books, pamphlets, information sheets, and on our award-winning website. These materials enable volunteer Leaders to share breastfeeding information with women and their families, as well as health care providers, in their communities. LLLI also uses your donation to train **Peer Counselors** to work with women in low-income areas and ensure they have the support they need to breastfeed their babies. Other LLLI programs such as the **Center for Breastfeeding Information, parenting conferences, training for physicians and lactation consultants, and outreach to international organizations**, all benefit from individual Memberships and donations.

While LLLI seeks grants from foundations and government agencies, these funds are generally unavailable for administrative costs. Your individual donation **enables** LLLI staff to implement the activities that are so important to supporting breastfeeding mothers. Every small donation enables us to be a visible, responsible presence in the world. We hope **you** will contribute to LLLI and join us in our mission. Please join us in sharing the joys and the power of breastfeeding.
